Summary

The SNFv3.0.25 release is an aggregation of individual features, bug fixes, limitations, and some known issues. We recommend that users migrate to this release at their earliest convenience.

SNFv3.0.25 (SNF version 3.0.25) software supports ARIA™ Cybersecurity Solutions Myricom® ARC Series C-class adapters or earlier (10G-PCIE2-8C2-2S and 10G-PCIE2-8B-S).

For more information regarding specific functionality, refer to the [SNFv3.0.25 User Guide](#)

Software Support Notice

- This release is compatible only with ARC Series C-class adapters or earlier (10G-PCIE2-8C2-2S and 10G-PCIE2-8B-S)
<https://www.ariacybersecurity.com/network-adapters/adapters/>
- For more information on this software release, refer to the [SNFv3.0.25 User Guide](#).
- Linux Support
 - CentOS 7.7 is recommended.
 - For non-RPM based Linux distributions, a `.tgz` installation package is provided with support up to Linux kernel version 5.5.
- FreeBSD Support
 - FreeBSD 12.0 is supported.
 - Some testing has been performed with FreeBSD 11.0, 10.0, and 9.3.
- Windows Support
 - Window Server 2012 R2 in 64-bit mode is recommended.
 - Windows 7 and 10 are supported. For best performance Windows Server versions are recommended.

New Features and Enhancements

(ID# 283) Added support for CentOS 8.3.

Bug Fixes

None

Known Issues

Please see the [SNFv3.0.25 User Guide](#) for more information.
